## I. Purpose

This Plan establishes the organization, staffing and administrative procedures for administering the Public Assistance (PA) Program subsequent to a Presidential Disaster Declaration. It assumes that pre-disaster declaration activities involving the PA Program, such as Subrecipient training and annual updates of specific plans, are covered in Wisconsin Emergency Management (WEM) position descriptions and do not need to be addressed in this plan. This Administrative Plan to the PA Program is a supporting document to the **Wisconsin Emergency Operations Plan**.

Federal disaster assistance is made available through the Federal Emergency Management Agency (FEMA) to state governmental agencies, local governments and certain eligible private non-profit organizations. FEMA provides a grant to the State and authorizes the State to pass funding through to eligible Subrecipients. The FEMA-State Agreement establishes the Federal share provided, which comprises at least 75% of the total project costs.

## II. Authorities and References

### A. State Authorities:

- a. Wisconsin Statutes, Chapter 323, Subchapter III, Disaster Assistance Programs
- b. Wisconsin Statutes, Chapter 87.30, Floodplain Zoning
- c. Wisconsin Statutes, Chapter 86.34, Disaster Damage Aids Program
- d. Wisconsin Code, Chapter 166, Emergency Management
- e. Wisconsin Code, Chapter Natural Resources, 116
- f. Wisconsin Code, Chapter WEM 7, Disaster Fund Rule
- g. Wisconsin Emergency Operations Plan

### B. Federal Authorities:

- a. 42 U.S.C. § 5121-5206, Robert T. Stafford Disaster Relief and Emergency Assistance Act, Public Law 93-288, as amended
- b. 44 CFR, Public Assistance Program Regulations:
  - Part 206 Subpart G, Public Assistance Project Administration
  - Part 206 Subpart H, Public Assistance Project Eligibility
  - Part 206 Subpart I, Public Assistance Insurance Requirements
  - Part 207, Management Costs
- c. 2 CFR Part 200, Office of Management and Budget Guidance for Grants and Agreements, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards
- d. Executive Order 11988, Floodplain Management
- e. Executive Order 11990, Protection of Wetland
- f. Executive Order 12612, Federalism
- g. Executive Order 12898, Environmental Justice
- h. 16 U.S.C. § 3501 Coastal Barrier Resources Act
- i. 16 U.S.C. § 470, National Historic Preservation Act
- j. 16 U.S.C. § 1531, Endangered Species Act References
- k. Public Law 93-234, as amended, Flood Disaster Protection Act of 1973
- l. Public Law 103-325, National Flood Insurance Reform Act of 1994

m. Public Assistance Program and Policy Guide (PAPPG), January 2016

### **III. State Agency Responsible for Program Administration**

The Governor designated Wisconsin Emergency Management (WEM), a division of the Wisconsin Department of Military Affairs (DMA), as the state agency responsible for management and administration of the Public Assistance (PA) Program for disasters declared within the State of Wisconsin. Responsible WEM personnel, appointed by the Governor's Authorized Representative (GAR), shall provide guidance and assistance, including, but not limited to:

- Submit the Application for Federal Assistance
- Comply with Federal and State program and grant administrative requirements
- Notify potential applicants of the availability of assistance
- Conduct Applicants' Briefings
- Request Immediate Needs Funding on behalf of applicants, as applicable
- Assist FEMA in determining work and applicant eligibility
- Process requests for appeals, review cost overruns, approve time extensions, approve improved project requests, approve advances and reimbursements
- Make recommendations to FEMA on appeals, alternate project requests, and other requests
- Monitor awards to ensure compliance through quarterly reviews, site inspections and audits, as required
- Review and certify project completion information
- Determine budget and staffing requirements necessary for proper program management

### **IV. Organization and Staffing**

The staffing for administration of the Public Assistance (PA) Program by Wisconsin Emergency Management (WEM) must be flexible in order to match the size and scope of damage caused by any given event. For a Presidential Disaster Declaration, the minimum state positions needed to administer the PA Program include:

- Governor's Authorized Representative (GAR)
- State Public Assistance Officer (PAO)
- State Financial Management Officer (FMO)
- State Liaison Officers
- State Hazard Mitigation Officer (SHMO)

#### **A. Governor's Authorized Representative (GAR)**

The GAR determines the positions and number of personnel and the budget required for proper program management, as advised by the State PAO. The magnitude and severity of each disaster and the anticipated number of applicants and projects will dictate the level of additional WEM staff that will be required to carry out proper program management. The GAR will be the WEM Administrator or the Director of the WEM Bureau of Response and Recovery and will:

- Act as the intermediary between federal, state, and local parties involving conflicts over PA matters.

- Ensure coordination between the PA and Hazard Mitigation Grant Program to ensure actions are taken to identify and implement hazard mitigation activities among applicants.
- Determine if the State will implement Immediate Needs Funding for any declared disaster and notify the Federal Coordinating Officer (FCO) of the decision.
- Ensure that WEM prepares the FEMA-State Agreement, setting forth the assistance to be rendered, and the respective federal and state shares of that assistance.

**B. State Public Assistance Officer (PAO)**

The State PAO accomplishes the necessary program work assigned to the State to administer the PA Program and Fire Management Assistance Grant Program to eligible Subrecipients (to include Native American Tribal Governments). The State PAO is a full-time employee at WEM, who assumes duties related to disaster operations, as outlined in their position description. The State PAO must:

- Ensure that all post-disaster meetings, such as Applicants' Briefings and Kickoff Meetings, are scheduled and held in a timely fashion
- Prepare and submit a staffing plan for the JFO
- Prepare a budget for administration of the PA Program
- Validate project worksheets and obligate Federal funds upon FEMA review
- Oversee the day-to-day operations of the PA program from disaster request through disaster closeout.

**C. State Financial Management Officer (FMO) and Finance Staff**

The WEM Fiscal Officer serves as the State FMO, as assisted by WEM Finance Staff. FMO and Finance Staff will ensure that day-to-day financial operations support completion of work by Subrecipients. The Finance Staff must:

- Work with State PAO to process checks and enter disbursements into state financial management system
- Maintain financial records of all disbursements to Subrecipients
- Maintain records of salaries, administrative costs, and other eligible expenses for reimbursement

**D. State Liaison Officers**

The State Liaison Officers include qualified personnel from applicable State agencies who may assist WEM with technical guidance to applicants, assist with project worksheet formulation, assess damages, and prepare or review project worksheets. WEM draws upon technical experts to serve as Liaison Officers from supporting state agencies, such as:

- Department of Transportation (DOT)
- Department of Natural Resources (DNR)
- Department of Administration (DOA)
- Public Service Commission (PSC)
- Department of Workforce Development (DWD)
- Department of Agriculture, Trade, and Consumer Protection (DATCP)

**E. State Hazard Mitigation Officer (SHMO) and Mitigation Staff**

The SHMO, as supported by WEM Mitigation Staff, accomplishes the necessary work assigned to the State to administer the Hazard Mitigation Grant Program (HMGP) to eligible Subrecipients. The SHMO performs duties related to disaster operations, as listed in their position description, which include:

- Discuss mitigation opportunities through HMGP available to eligible Subrecipients and how HMGP differs from mitigation offered through the PA Program
- Forward applications for PA-related mitigation received from HMGP solicitation
- Work with PA staff to incorporate cost-effective mitigation activities into disaster recovery operations

**F. Other Positions, as directed**

The GAR, FCO, and PAO will work to fill any additional positions, as needs arise and shortfalls are identified.

**V. Public Assistance Program Post-Declaration Activities**

**A. Notification of Potential Applicants**

The State PAO works with State Public Information Officers and County and Regional Emergency Management Directors to conduct outreach efforts to notify potential Subrecipients that assistance is available and the time and date of Applicants' Briefings. Outreach is targeted at identifying eligible applicants (Subrecipients) for the PA Program following the declaration of a Presidential Disaster.

Additionally, the WEM website will be updated following the disaster declaration with instructions outlining:

- Eligibility criteria for applicants to the PA Program
- Eligibility criteria for work categories and costs
- How to apply for the program
- Who to contact at WEM regarding PA Program application questions
- Deadlines to apply for the PA Program

**B. JFO Response**

Required WEM personnel respond to the JFO, once established by FEMA.

**C. State PA Operations**

The State PAO attends the FEMA-State Briefing, outlining expectations for PA operations within the State.

**D. Applicants' Briefings**

Once FEMA approves a designated area for PA, members of the WEM PA Program staff will conduct and Applicants' Briefing. The number of potential applicants and the area involved in the disaster will determine the number of briefings held.

The State PAO works with County and Regional Emergency Management Directors to:

- Identify eligible applicants (Subrecipients) for the PA Program

- Schedule briefings for all potential applicants, paying attention to the number and location of briefings, depending on the size and number of potential applicants.
- Ensure all potential applicants complete a Request for Public Assistance (RPA) form within 30 days of the date of the declaration, preferably handing in a completed form at the Applicants' Briefing.

Applicants' Briefings will outline the PA Program requirements, eligibility components, rules and regulations, as well as outline Hazard Mitigation opportunities, environmental and historic preservation conditions, insurance requirements, procurement, and other pertinent information to the disaster event in the declared area.

WEM Staff Members work with attendees at the Applicants' Briefings to file formal "Requests for Public Assistance" (RPAs) form (FEMA Form 90-49) and hand them in at the briefings or within 30 days of the date of the disaster declaration. This deadline will be communicated at the Applicants' Briefing, on the WEM website, and through the County and Regional Emergency Management Directors.

**E. Public Assistance Coordinator (PAC)**

FEMA assigns each eligible Subrecipient a PAC who will be the primary point of contact during the project formulation phase. PACs conduct Kickoff Meetings with each Subrecipient as a primary role. Kickoff Meetings cover the specifics of the disaster event and potential projects for a specific Subrecipient.

**F. Kickoff Meetings**

The Kickoff Meeting is the most important phase of project formulation, as FEMA begins to create projects based on what documentation and explanations are given by the applicant. An applicant should ensure that all local personnel involved in repair or restoration of the damaged facilities and any personnel involved in tracking expenses, project budgets, contracts, and documentation are present at the meetings, not just local elected officials with signatory authority. It is extremely important to have people who will be doing paperwork and overseeing or performing physical work at these meetings, if possible. This is so that the applicant can make a clear case that they do not have adequate local resources to complete these projects without Federal and State assistance. Examples of people to include at these meetings, in addition to local elected officials, include:

- Road repair/maintenance specialists
- Public works staff
- Contract specialists
- Clerks
- Grants managers
- Project managers
- Contractors
- Engineers

**G. Project Worksheets**

Depending on the damages experienced and the resources available to the applicant, one of three methods will be used to create a Project Worksheet, also known as a PW (see FEMA

Form 90-91 in Appendix D).

- **Large Projects:** For FFY 2016, FEMA considers any project with costs greater than or equal to \$121,800.00 to be a Large Project. FEMA assigns a Project Officer to each Large Project to oversee formulation of the project worksheet with a local government representative and State Liaison Officer, if needed. It is essential to include someone involved with completing physical work to be performed at this site to create a complete and accurate PW.
- **Complex Small Projects:** FEMA designates any project expected to cost less than \$121,800.00 as Small Projects; however, lower cost does not necessarily mean these projects cannot be complex. If an applicant, along with the PAC, determines that they do not have the staff and/or resources to create the Project Worksheet, the PAC will assign a technical expert or federal representative to assist with formulating the PW. This is especially true if the PW includes special considerations, such as hazard mitigation, historical structures, insurance claims, or environmental concerns.
- **Standard Small Projects:** Many Small Projects (projects that cost less than \$121,800.00) should be completed with minimal assistance. If the applicant feels comfortable formulating the Project Worksheet with minimal assistance, FEMA expects the applicant to write and submit the Project worksheet within 60 days of the kickoff meeting to their PAC.

**In all instances, an applicant has 60 days from the Kickoff Meeting to report all their damages and submit their Project Worksheets to the PAC.** The PAC will review the worksheets for accuracy and eligibility and submit them to the FEMA-State review queue.

#### H. Project Worksheet Validation

After PWs are completed and submitted, many of them must be validated for accuracy. Based on the way the applicant and FEMA formulate the PW, validation takes place as follows:

- **Projects written by federal, state, and local teams** do not require additional validation. This includes all **Large Projects** that cost \$121,800.00 or more and **Complex Small Projects** that required additional assistance to formulate. These projects go through reviews during the various drafts/formulation.
- **Standard Small Projects (< \$121,800.00) submitted within 30 days of Kickoff Meeting**, had no or minimal consultation with federal and state entities. As a result, FEMA and WEM validate a **20% sample** of all Small Projects submitted by an applicant during this timeframe.
  1. The PAC assigns a FEMA Specialist to check the sample of projects for eligibility and reasonable cost.
  2. The State determines if a State Liaison must be assigned for the validation, or if WEM staff may perform the review.
  3. If the sample is within a 20% variance of the costs determined by the Specialist, then FEMA approves all Small Projects for the applicant. If the sample does not meet the 20% variance, FEMA takes a second 20% sample of

the projects and repeats steps 1 through 3. If the second sample does not meet 20% variance, then FEMA validates 100% of the Small Projects submitted by the applicant.

- **All Small PWs submitted by the applicant between 30 and 60 days** are required to meet 100% validation. FEMA assigns a Project Specialist to validate the projects for eligibility and reasonable cost.

## **VI. Public Assistance Program Management**

### **A. Request for Public Assistance**

In accordance with 44CFR 206.202(e)(1), WEM will complete and submit SF 424 (Application for Federal Assistance) and SF 424D (Assurances for Construction Programs) as soon as possible after the Disaster Declaration. Once WEM receives approval of the SF 424, FEMA authorizes WEM to draw up sub-award documents and to issue checks to Subrecipient.

### **B. Role of County Emergency Management Directors**

County Emergency Management Directors serve as the intermediaries between WEM and Subrecipients (local governments, agencies, private non-profits) regarding the PA Program. As such, WEM sends all correspondence, including Subrecipient files and paperwork, to the County Emergency Management Director who is responsible for forwarding all documents, including payments, to the applicant.

Each County Emergency Management Director and Subrecipient will keep accurate and complete records of all disaster-related costs to ensure that the requirements of the Single Audit Act are met.

### **C. Program Compliance, Audits, Reviews, and Closeout**

WEM ensures compliance with the “Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards” (2 CFR Part 200). The State assures that it shall comply with all applicable Federal statutes and regulations, outlined in Appendix G of this document, with respect for which it receives grant funding.

Each Subrecipient, expending \$750,000 or more in total direct and indirect Federal financial assistance per fiscal year, shall have a financial and compliance audit made in accordance with the Single Audit Act of 1996 (P.L. 104-156) and the Federal Office of Management and Budget (OMB) Circular A-133. Audit requirements are the responsibility of the local unit of government (municipal or county). The FMO reviews audits completed for Subrecipients. If adverse findings are reported, the FMO informs the State PAO who ensures that appropriate actions are taken, and these actions are reported to FEMA. The Legislative Audit Bureau (LAB) submits a copy of the audit performed on State operations to the FEMA Inspector General. FEMA may elect to conduct a separate Federal audit on the disaster assistance grant or on any of the subawards, and the State will provide any information necessary for completing such audits.

When final payment is made to each Subrecipient, WEM staff reviews each PW file to

- Review the payments and ensure that the Subrecipient received all grant funds authorized to them
- Ensure all required documentation is in the physical and electronic file (signed Form 1017, 1017A, completed/signed P.4 reports, etc.).
- When a Subrecipient is closed, PA Staff will identify all closed Subrecipients in a list to the FMO. The FMO will report this list of closeouts in the SF-425 (quarterly financial report) by disaster.
- PA Staff will notify the Subrecipient of the date that the FMO submits the SF-425 to FEMA Region V, as FEMA and WEM consider this submission date to be the final expenditure report to FEMA. Three years after the date of transmission of the SF-425, FEMA will take no administrative action to recover payments made to a State or local government, unless there evidence exists of civil or criminal fraud.

Prior to close-out of a disaster declaration, WEM PA and/or Fiscal Staff review all files internally to ensure that they are complete, correct, and contain all required documentation.

After all grant fund payments have been made, the FMO determines eligible Recipient management costs and administrative allowances and requests reimbursement from FEMA. Upon receipt of these allowances, the State PAO notifies the FEMA Regional Administrator (RA) in writing that WEM has no further claims for the disaster and that WEM closed all Public Assistance Program activities. The FMO will submit a final FEMA Form 20-10 for the total Public Assistance Program disaster grant amount within 90 days following the completion of all required work and administrative actions. FEMA will review its final claim and close the grant.

#### **D. Management Costs**

FEMA provides PA funding for administrative costs related to managing the PA Program and PA projects. FEMA provides PA funding differently depending on whether the costs are indirect, administrative, or other expenses the Recipient or Subrecipient incurs in administering and managing PA awards that are not directly chargeable to a specific project or if the costs are directly chargeable to a specific project.

- **Recipient Management Costs**

WEM, as the Recipient for the State of Wisconsin, will request management cost funding, in accordance with Stafford Act § 324(a), 42 U.S.C. § 5165b; 44 CFR § 207.2; and 2 CFR §§ 200.56 and 200.412

1. Recipient Management Cost Funding Request Process:
  - a. Within 30 to 35 days of the date of Disaster Declaration, FEMA provides WEM with a preliminary lock-in amount for Management Costs.
  - b. Upon receipt of the preliminary lock-in, the GAR submits an initial Management Cost funding request to FEMA. When FEMA accepts this request they prepare a PW to obligate 25% of preliminary lock-in.
  - c. Within 120 days of the date of Disaster Declaration, the GAR provides documentation to support Management Cost funding. This

documentation can include descriptions of activities and personnel required to administer the grants, process payments, and monitor the management costs, and estimate the funding passed through the state to Subrecipients (if FEMA rejects this submission, WEM has 30 days to re-submit).

- d. Six months after the date of Disaster Declaration, FEMA provides WEM with a revised lock-in of Management Costs. If there is a bona-fide need for an interim obligation at six months, the GAR may submit a request, with justification, to the FEMA RA. The interim lock-in amount will not exceed 10% of the six month interim lock-in amount.
  - e. Twelve months after the date of the Disaster Declaration, FEMA provides WEM with a final lock-in on the Management Costs.
  - f. Once WEM receives the final lock-in from FEMA, the GAR submits final funding request including the revised documentation.
  - g. If the request and documentation are accepted by FEMA, then FEMA obligates the final funds for Management Costs to WEM.
  - h. WEM reports Management Cost spending in the PA and financial quarterly reports.
  - i. Expenditure of Management Cost funds are limited to a maximum time of 8 years for a Disaster (or 2 years after an Emergency Declaration), or 180 days after the latest performance period of a non-management cost PW, whichever is sooner. WEM and FEMA identify what funds were expended; FEMA will de-obligate excess Management Cost funds, if any remain.
- **Subrecipient Administrative Costs:**  
Subrecipients may receive Direct Administrative Costs (DAC) related to individual project worksheets. FEMA will approve DAC when a Subrecipient can tie eligible administrative activities to specific PWs; Subrecipients will track DAC by individual PW and reimbursed for these costs when appropriate (with first disbursement based on work completed or during the closeout process).

WEM does not intend to pass through additional administrative costs to Subrecipients during FY2017 or DR-4276.

#### **E. Administrative Plan**

The State PAO reviews this Administrative Plan annually to ensure compliance with applicable laws, implementing regulations and State policies. This plan will also be updated as whenever necessary to reflect new or revised Federal regulatory or policy changes; reflect a material change in any State law, organization, policy or State agency operation; or to improve Public Assistance Program administration. When updated, each will be submitted to FEMA Region V for review and approval. Following a Presidential Disaster Declaration, the State PAO prepares, publishes and distributes updates, amendments or revisions to this Administrative Plan in order to meet the then current policy guidance or any program administration changes that have occurred. The State PAO submits this Administrative Plan

to the FCO for review and approval prior to use during that Declared Disaster.

## **VII. Project Administration**

### **A. Grant Award Documents**

Upon authorization from FEMA, WEM creates grant award packets for each approved Subrecipient, which includes:

- A letter from the State PAO outlining the PA Process
- DMA Form 1017: State of Wisconsin Disaster Application for Federal Public Assistance for Subrecipients (see Appendix F)
- This form highlights important information, including:
  1. Breakdown of Federal, State, and Local shares of each PW. In an typical Disaster Declaration, the project shares are:
    - a. Federal: 75%
    - b. State: 12.5%
    - c. Local: 12.5%

NOTE: In the event that the Federal share is greater than 75% (i.e. when a Subrecipient participates in an Alternate Pilot Program), the State and Subrecipient (“Local”) will split the remaining non-Federal share **evenly**. For example, if the Federal share is 85%, the State share and Local share will be 7.5% each.
  2. Total completion percentage, as noted during most recent FEMA inspection
  3. Approved Project Completion Date
  4. Any approved administrative costs approved (not applicable to FY2017).
- DMA Form 1017A: Assurances for Construction Projects (see Appendix G)
- State Form P.4.: Completion of Project Worksheet (see Appendix I)
- List of approved PWs
- Project summary
- Copy of the approved PW (FEMA Form 90-91)
- DMA Form 1017 and 1017A must be signed and returned to the State PAO in order for payment to be issued.

### **B. Additional Damages**

The Subrecipient has 60 days from the first substantive meeting with FEMA to notify WEM and FEMA of any newly discovered damage. WEM reviews the information and, if justified, request that Federal and State inspectors survey the newly discovered damage.

### **C. Administration of Approved Small Projects - between \$3,050 and \$121,800**

- Once approved by FEMA, WEM sends grant award documents to the County Emergency Management Director. County Emergency Management Director forwards the paperwork to the Subrecipient for accuracy, signing DMA Form 1017 and 1017A.
- Subrecipient returns signed paperwork to WEM.
- WEM requests a check that totals 75% of the overall project costs. This represents the approved Federal share of the Small Project; however, Federal and State funds comprise this check amount. WEM sends the check to the County Emergency Management Director who forwards the check to the Subrecipient.

- The Subrecipient must complete all work by the approved completion date, as noted in the approved PW and on relevant award documents. If there are problems or setbacks and additional time is needed to complete the project, the Subrecipient must request a time extension to the State PAO for approval. (See section VII. J).
- The Subrecipient must submit quarterly reports by the deadline as communicated by the State PAO. (See section VII. J)
- Upon completion of a PW, the Subrecipient signs and returns the State P.4 Form: Project Completion and Certification to WEM. This certifies in writing that the Subrecipient completed the scope of work as-written and the PW is ready for final payment and closeout.
- WEM requests the remaining overall approved amount, totaling 12.5% of the overall project costs. This represents the 12.5% State share of the project; however, Federal and State funds comprise this check payment. WEM sends the final check to the County Emergency Management Director who forwards the check to the Subrecipient.
- WEM notifies FEMA through the Emergency Management Mission Integrated Environment (EMMIE) system, which closes the grant.
- In the event of a significant overrun or underrun of costs associated with any Small Project, a Subrecipient must submit documentation to include invoices, cancelled checks, and force account sheets for *all approved Small Projects* under that Disaster Declaration. If WEM determines that this amount comprises a significant cost overrun, WEM may submit a request to FEMA for additional funds. FEMA only approves funds if it can be documented that the Subrecipient experienced significant overruns on the overall approved amount across all Small Projects. WEM will not issue final payment until FEMA approves or denies the request for additional funds.
- Failure to complete the scope of work as approved by FEMA in the PW may result in withholding or deobligation of funds.
- Subrecipients are expected to keep all paperwork related to the completion of each PW on file for seven (7) years after completion of the last PW.

#### **D. Administration of Large Projects - \$121,800 or greater**

- Once approved by FEMA, WEM sends grant award documents to the County Emergency Management Director. County Emergency Management Director forwards the paperwork to the Subrecipient for accuracy, signing DMA Form 1017 and 1017A.
- Subrecipient returns signed paperwork to WEM.
- WEM requests a check that totals 75% of the *completed project expenditures*, as determined by FEMA. This percentage of work completed at time of FEMA inspection is listed on DMA Form 1017 and in the PW. This initial payment represents the Federal share of any completed work on the Large Project; however Federal and State funds comprise this amount. *In no case will the total of this check exceed 75% of the overall Federal share of the grant.* WEM sends the check to the County Emergency Management Director who forwards the check to the Subrecipient. If no work is completed at the time of FEMA inspection, a check will not be issued.

- The Subrecipient may request partial payments based on work completed. The Subrecipient must request payment for actual expenditures based on eligible expenses for completed work.
  1. Advance payments based on estimated work may be requested under certain circumstances. If this will be requested, the Subrecipient must notify WEM as soon as possible to document need for advance payment. Work must be completed and paid for within 30 days of receiving the check.
- The Subrecipient must complete all work by the approved completion date, as noted in the approved PW. If there are problems or set-backs and additional time is needed to complete the project, the Subrecipient must request a time extension to the State PAO for approval. (See section VII. J.)
- The Subrecipient must submit quarterly reports by the deadline as communicated by the State PAO. (See section VII. J.)
- Upon completion of a PW, the Subrecipient signs and returns the State P.4 Form: Project Completion and Certification to WEM. This certifies in writing that the Subrecipient completed the scope of work as-written and the PW is ready for final payment and closeout.
- Large Projects are paid based on actual expenditures to complete work and must be approved by a FEMA Region V Closeout Specialist before a check may be issued. WEM works with the Subrecipient to document actual costs associated completing the scope of work, including:
  1. The Project Completion and Certification Form P.4
  2. Copies of invoices, receipts, contracts
  3. Pictures of the completed project
- WEM certifies that reported costs were incurred in the performance period of eligible work, that the approved work was completed, and that the project is in compliance with provisions of the FEMA-State Agreement during a site inspection visit. WEM completes a final site inspection visit for each Large Project.
- WEM, on behalf of the Subrecipient, requests closeout to FEMA Region V through the Emergency Management Mission Integrated Environment (EMMIE) system. FEMA will review the documentation and resolve any discrepancies between reported costs or completed work and the approved PW. FEMA Region V may conduct field reviews, requests for information, or other correspondence to gather additional information as necessary. If discrepancies in the claim cannot be resolved through a field review, a Federal audit may be conducted. If FEMA Region V determines that eligible costs exceed the initial approved amount, they will obligate additional funds as necessary.
- Upon FEMA approval, WEM notifies the Subrecipient that FEMA approved closeout. This notification includes an amended grant award document, if necessary. New grant documents reflect the amended amount of funds associated with a cost overrun or underrun approved during closeout by FEMA Region V.
- Upon receipt of signed paperwork, WEM requests final payment for the Subrecipient, based on the approved amount of the project worksheet. WEM sends the check and any final paperwork to the County Emergency Management Director so that it may be forwarded to the Subrecipient. The grant is now closed.

- Failure to complete the scope of work as approved by FEMA in the PW may result in withholding or deobligation of funds.
- Subrecipients are expected to keep all paperwork related to the completion of each PW on file for seven (7) years after completion of the last PW.

**E. Payment**

Payment will be made in accordance with this Administrative Plan and the guidelines published in 44 CFR Part 206, Subparts G and H.

**F. Improved Project Requests**

A Subrecipient requests an Improved Project if they desire to make improvements to a facility that go above and beyond the pre-disaster function of a damaged facility. The Subrecipient must write a letter outlining this request to obtain GAR and FEMA approval. Prior to the start of construction of any Improved Project, the State PAO shall submit the following for approval by the FEMA RA:

- Written description of the proposed scope of work
- Updated schedule of work
- Outline of estimated costs
- Documentation supporting scope of work, schedule, and estimated costs
- Documentation of compliance with any special requirements, including but not limited to:
  1. Floodplain management
  2. Environmental assessment
  3. Hazard mitigation
  4. Protection of wetlands
  5. Clean Water Act
  6. Environmental justice
  7. Insurance
- If approved, Federal funding for improved projects will be limited to the original Federal share of the approved estimate of eligible costs.

**G. Alternate Project Requests:**

A Subrecipient requests an Alternate Project when they determine that the public welfare would not be best served by restoring a damaged public facility or the function of that facility. The Subrecipient must write a letter outlining this request to obtain GAR and FEMA approval. The Alternate Project option may be exercised only on permanent restorative work. Federal funding for such Alternate Projects will equal 90% of the Federal share of the Federal estimate of the cost of repairing, restoring, reconstruction, or replacing the facility and of management expenses. Funds contributed for Alternate Projects may be used to repair or expand other selected public facilities, to construct new facilities, or to fund hazard mitigation measures. These funds may not be used to pay the non-Federal share of any project, nor for any operating expense. Prior to the start of construction of any Alternate Project the State PAO shall submit the following for approval by the RA:

- Written description of the proposed scope of work
- Updated schedule of work
- Outline of estimated costs

- Documentation supporting scope of work, schedule, and estimated costs
- Documentation of compliance with any special requirements, including but not limited to:
  1. Floodplain management
  2. Environmental assessment
  3. Hazard mitigation
  4. Protection of wetlands
  5. Clean Water Act
  6. Environmental justice
  7. Insurance

#### **H. Time Extensions**

When work cannot be completed within the specified period of performance, the Subrecipient must request a time extension for each separate project. In a letter with supporting documentation, the Subrecipient must identify:

- Each PW requiring a time extension
- Justification for the delay of each PW
- Reasonable dates during which all work will be completed

The State PAO will review the time extension request, carefully considering the reasons given for the extension and the proposed completion dates of the project(s). If the request is approved, the State PAO may grant time extensions within WEM's authority for maximum limits:

- Emergency Work (Categories A and B): Time extensions for up to twelve (12) months of the original approval date may be granted by the State PAO without FEMA approval
- Permanent Work (all other Categories of Work): Time extensions for up to forty-eight (48) months of the original approval date may be granted by the State PAO without FEMA approval
- WEM provides each Subrecipient notification in writing regarding the status of time extension approval or denial. The State PAO notifies FEMA of all approved time extensions.

Requests for time extensions beyond WEM's authority (exceeding the maximum time limits listed above) shall be submitted to FEMA Region V for action. The request includes dates and provisions of all previous time extensions, a detailed justification for the delay and a projected completion date. FEMA Region V notifies the State PAO in writing of the Region's determination, advising of the new completion date and any other requirements determined necessary to meet the new completion date. The State PAO notifies the Subrecipient of the determination through the County Emergency Management Director.

Subrecipients who participate in the Debris Pilot Program cannot request a time extension for their Category A work and must complete work by 180 days after the Incident start date.

#### **I. Scope of Work Changes**

The Subrecipient may request a change in the scope of work in writing to the State PAO for evaluation. Subrecipients should submit supporting documentation that outlines:

- Affected PW number and title
- Request of a formal scope of work change
- Justification for a scope of work change
- Why this scope of work change is eligible in the PA program
- Changes in budget associated with the request
- Changes to the completion timeline with the request
- Any citations of PA Program Guidance or Regulations

The State PAO evaluates the request and when justified, submits a request and a recommendation to FEMA Region V. The RA provides written notice to the State PAO after a determination has been made. The State PAO forwards the RA's determination to the Subrecipient via the County Emergency Management Director.

#### J. Quarterly Reports

All Subrecipients with approved grants **MUST** provide a quarterly status report to WEM for each open PW. The status report is a one page document to be completed electronically and sent in e-mail to Subrecipients with open projects each quarter. The e-mail specifies a deadline to complete and submit each status report. Based on these quarterly reports, the State PAO compiles a consolidated quarterly status summary report for FEMA Region V. These reports are sent to FEMA Region at the end of January, April, July, and October.

#### K. Appeals

1. A Subrecipient may appeal **any determination** previously made by FEMA or the State related to Federal assistance for a Subrecipient, including:
  - Time extension determination made by the Recipient or FEMA
  - Denial of a change to the scope of work
  - Determination of ineligibility of Applicant, Category, Work, or Cost
  - Denial of discovery of additional damages
  - Deobligation of funds
  - Closeout of project
2. The process for submitting an appeal regarding a FEMA action or determination is as follows:
  - The Subrecipient should alert WEM as soon as possible if an appeal will be filed. An appeal **must be** submitted in writing to WEM (the Recipient) within 60 days after receipt of the notice of the action which is being appealed. The appeal should contain documented justification supporting the Subrecipient's position, including citation of Federal regulations, State codes/statutes, and PA Program guidance documents. Subrecipients must provide sufficient information to allow the State PAO to understand the facts and determine the validity of the request.
  - Upon receipt of the request to appeal, the State PAO has 60 days to examine the request and draft a letter supporting the approval or denial of the appeal. The State PAO will conduct additional investigation, if required, to substantiate the PAO's recommendation. The State PAO will forward the appeal with a written recommendation to the FEMA Region V Administrator within 60 days of receipt of the Subrecipient's appeal request.

- The Regional Administrator reviews the materials submitted with the appeal, making additional investigations as deemed appropriate. Within 90 days following the receipt of additional requested information, the Regional Administrator shall notify the Recipient in writing of the disposition of the appeal.
  - If the initial appeal is denied by the Regional Administrator, the Subrecipient may make a second appeal to the FEMA Head Quarters Assistant Administrator (AA). This second appeal will be made in writing through the State PAO/GAR and FEMA Region V Administrator, and shall be submitted no later than 60 days following receipt of AA denial. The Assistant Administrator shall render a determination on the second appeal within 90 days from receipt of the appeal, or shall request additional information. If additional information is requested, the determination must be made within 90 days of receipt of additional information. If the appeal involves highly technical issues, the Assistant Administrator may ask an independent scientific or technical group/person with related expertise to review the appeal so as to obtain the best possible evaluation. In such cases, the 90 day time limit will run from the submission of the technical report. The decision of the second appeal from the associate Director or the Executive Associate Director will be the final administrative decision from FEMA.
3. The process for submitting an appeal regarding a State action or determination is as follows:
- The Subrecipient should alert WEM as soon as possible if an appeal will be filed. An appeal **must be** submitted in writing to WEM (the Recipient) within 30 days after receipt of the notice of the action which is being appealed. The appeal should contain documented justification supporting the Subrecipient's position, including citation of Federal regulations, State codes/statutes, and PA Program guidance documents. Subrecipients must provide sufficient information to allow the State PAO to understand the facts and determine the validity of the request
  - The Subrecipient may ask for a time extension of an additional 30 days if necessary. State appeal time extensions must be made to the State PAO in writing.
  - Upon receipt of the request to appeal, the State PAO has 60 days to examine the request and consult with Department of Military Affairs Legal Counsel, WEM Management, and other subject matter experts. The State PAO has the right to issue requests for information (RFIs) to the Subrecipient.
  - The Subrecipient must respond in writing to the RFI within the designated timeframe.
  - The State PAO may conduct additional investigation, if required, to substantiate a decision following a RFI.
  - The State PAO will issue a written decision to Subrecipient within 60 days of receipt of the Subrecipient's appeal request, adjusted for any RFI or time extensions.

#### **L. Financial Management**

- To start the Public Assistance Program Account, immediately following a major disaster declaration, the GAR provides the FMO with copies of the Governor's Request for Presidential Declaration, the President's Declaration of Major Disaster, the FEMA-State Agreement, and the Grant Summaries. The FMO establishes

- separate accounts for Federal and State disaster funds. WEM accounts for these funds through pay-in and pay-out vouchers prepared and maintained by the FMO and DMA. Damage assessment information determines an estimate of the amount of Public Assistance Program funds needed. FEMA initially obligates funds based on the amounts in the Preliminary Damage Assessment. Subsequent to the Project Worksheet formulation and validation, funds are obligated based on approved grants.
- WEM operates payment requests on a reimbursement basis only. This is especially important for Large Projects (which are formulated based on estimates at the time of FEMA inspection). **Exceptions for advance payments on Large Projects will only be made on a case-by-case basis. In these cases a Subrecipient to justify the amount being paid in advance. The Subrecipient must notify WEM within one week of receiving a check that funds were deposited and work paid for by providing proof of payment.**
  - This disaster will incorporate the Single Obligation drawdown process:
    1. SMARTLINK receives single obligation in its system, making grant dollars available for drawdown
    2. The State PAO submits written authorization to the FMO to pay the Federal and/or State share(s)
    3. The FMO requests a drawdown only if there is an actual documented need for funds.
    4. The FMO draws funds electronically in one of three ways:
      - a. Option 1: State FMO inputs drawdown amounts into the Payment Management System (PMS) by subaccount per project
      - b. Option 2: State FMO downloads a spreadsheet populated with all subaccounts and inputs specific drawdown information for each subaccount/project.
      - c. Option 3: FMO creates their own spreadsheet for specific subaccount/project.
    5. The FMO uploads a properly-formatted spreadsheet to the PMS outlined in a FEMA-provided job aid.
    6. WEM receives the funds and disburses to the sub-recipient by project.
  - In most cases, checks will be mailed to the County Emergency Management Directors, who forwards them to the Subrecipients; however, when a County Director or Subrecipient reports a check as lost, WEM will seek action to recover them after ten (10) working days have elapsed from the mailing date. If the check is not recovered at that time, the FMO requests in writing that the State Treasury stop payment on the check. If the check is not cashed, the Treasury sends the FMO a State Treasury Stop-Payment Affidavit. The FMO forwards the affidavit with the formal letter to the Subrecipient. The affidavit must be signed and returned by the Subrecipient. On receipt of the completed affidavit, the State Treasury will reissue the check
  - Every effort will be made to avoid instances where a Subrecipient receives more funds than can be supported by inspection, review or audit. The requirement that all disbursements be thoroughly documented prior to disbursement of funds is a fiscal control and should limit, if not eliminate, excess advanced funds. If an overpayment is discovered prior to final payment and closeout, the State PAO deducts the

overpayment from funds still due to the Subrecipient, and the remaining balance will be paid. If the overpayment exceeds the amount of the final payment, the State PAO will withhold all funds and request the balance from the Subrecipient. The State PAO returns the withheld funds to FEMA by making an offsetting entry on PMS with the FMO. If the Subrecipient refuses to repay the overpayment, or any part of it, the State PAO will refer the case to the DMA Legal Counsel for initiation of collection efforts. The State PAO will keep FEMA informed of the status of such cases.

## **VIII. Definitions**

**Alternate Project** - The use of funding on an alternate facility when damaged sites will no longer be used.

**Applicant** - A non-Federal entity submitting an application for assistance under the Recipient's Federal award.

**Direct Administrative Cost (DAC)** - An administrative cost incurred that can be identified separately and assigned to a specific project.

**Designated Area** - Any emergency or major disaster-affected portion of a state which has been determined eligible for federal disaster assistance.

**Duplication of Benefits** - Funding received from multiple sources for the same item of work.

**Emergency Protective Measures** - Any action taken by a community before, during, or after a disaster to save lives, protect public health and safety, and prevent damage to improved public and private property.

**Emergency Work** - Work that must be done immediately to save lives, protect public health and safety, protect improved property, or eliminate or lessen an immediate threat of additional disaster during a major disaster. This work is usually completed within six months from the declaration date unless the Recipient receives an extension.

**Federal Agency** - Any department, independent establishment, government cooperation, or other agency of the executive branch of the Federal government, including FEMA.

**Federal Coordinating Officer (FCO)** - The person appointed by the Regional Administrator of FEMA, or if absent, the Deputy Regional Administrator, to coordinate Federal assistance in a declared disaster or emergency.

**Federal Share** - The portion of the total project costs paid by Federal funds.

**FEMA-State Agreement** - A formal legal document between FEMA and the affected State outlining the understandings, commitments, terms and conditions for assistance resulting from a Federal disaster or emergency declared by the President. The FEMA Regional Director and the Governor sign the document.

**Fire Management Assistance Grant (FMAG) Program** - Program established in 2001 under the Disaster Mitigation Act of 2000, replacing the previous Fire Suppression Grant Program. This new program expands the range of eligible activities from the suppression of forest and grassland fires that threaten to cause major disaster to the “mitigation, management and control” of such fires. The program also allows FEMA to provide funding for eligible local government activities and for emergency-related services, such as evacuations, sheltering and search and rescue operations.

**Governor's Authorized Representative (GAR)** - is the person empowered by the Governor to execute on behalf of the State, all necessary documents for disaster assistance. In Wisconsin, the responsibilities of the GAR and the State Coordinating Officer (SCO) are generally assigned to the Administrator of Wisconsin Emergency Management (WEM) or the Director of the WEM Bureau of Field Services and Disaster Resources.

**Hazard Mitigation** - refers to any cost effective measure designed to eliminate the potential for damage to a facility from a disaster event.

**Immediate Needs Funding (INF)** - provides expedited assistance for emergency work only for expenses which an applicant must pay within the first 60 days after a declared disaster.

**Improved Project** - refers to a case where the Subrecipient desires to repair/rebuild a damaged facility beyond the scope of the Project Worksheet (PW) but still restore its pre-disaster function.

**Joint Field Office (JFO)** - a temporary facility established in a Presidentially declared disaster area to serve as the field headquarters for FEMA, other Federal, and State recovery personnel, and as the focal point for disaster operation, direction, coordination and information.

**Large Project** - approved projects estimated to cost the same or more than the large project threshold amount (\$121,800.00 for fiscal year 2016). The large project threshold is an amount of approved project estimated costs adjusted annually to reflect changes in the Consumer Price Index for all Urban Consumers. The large project threshold amount applicable to any project is that amount in effect on the declaration date of the disaster, regardless of when project approval is made or when the work is performed.

**Permanent Work** - refers to that restorative work that must be performed through repairs or replacement, to restore an eligible facility on the basis of its pre-disaster design and current applicable standards.

**Pre-disaster Design** - is the size or capacity of a facility as originally designed and constructed or subsequently modified by changes or additions to the original design. It does not mean the capacity at which the facility was being used at the time the major disaster occurred, if different from the designed capacity.

**Private Non-Profit** - is any private nonprofit educational, utility, emergency, medical or custodial care facility, including a facility for the aged or disabled, and other facility providing

essential governmental type services to the general public, and such facilities on Indian reservations.

**Preliminary Damage Assessment (PDA)** - refers to a joint federal/state/local assessment effort conducted within 3-5 days of an event to refine, or correct, previous damage estimates for both the public and private sectors, which are used in the Governor's decision on whether or not a federal disaster assistance request is in order, and whose figures are then utilized to substantiate any such request

**Project** - refers to the work performed to a damaged facility or site to return it to the pre-disaster condition.

**Public Assistance Coordinator (PAC)** - is the FEMA appointed single point of contact for an applicant for public assistance guidance during a declared disaster while the Joint Field Office is in operation.

**Public Facility** - means the following facilities owned and/or maintained by a state or local government: Any navigation, irrigation, reclamation, public power, sewage treatment and collection, water supply and distribution, watershed development, airport facility, non-federal aid street, road, or highway; and any other public building, structure or system, including those for educational, recreational or cultural purposes could be defined as a public facility.

**Recipient** - is the government to which a grant is awarded and which is accountable for the use of the funds provided. The Recipient is the entire legal entity even if only a particular component of the entity is designated in the grant award document. For purposes of this Plan and its implementation, the State is the Recipient.

**Regional Administrator (RA)** - is an administrator of a FEMA regional office, or his/her designated representative.

**State Coordinating Officer (SCO)** - is the person designated by the Governor to act in cooperation with the Federal Coordinating Officer (FCO) to administer disaster recovery efforts. In Wisconsin the responsibilities of the SCO are generally assigned to the Administrator of Wisconsin Emergency Management or the Director of the WEM Bureau of Field Services and Disaster Resources.

**Subrecipient** - is the government or other legal entity to which assistance is awarded and which is accountable to the state for the use of the funds provided

## **IX. Appendices**

## APPENDIX A – Applicant Eligibility

Applicant Eligibility: The following entities are eligible to apply for assistance under the Public Assistance Program:

1. State government agencies and local governments
2. Indian tribes or authorized tribal organizations
3. Private, nonprofit organizations or institutions owned or operated by a private, nonprofit facility as defined by 44 CFR Part 206.221 (e).
  - a) Private, nonprofit facilities: In determining eligibility, potential private, nonprofit applicants will need to complete a PNP Questionnaire (Attachment C) with their Request for Public Assistance (RPA) and submit it to the State PAO for review and determination of status. The applicant is also required to provide an effective ruling letter from the US Internal Revenue Service granting tax exemption under Section 501(c), (d) or (e) of the Internal Revenue Code of 1954 or acceptance from the state for recognition as a tax exempt not for profit organization.
  - b) Facilities serving a rural community or unincorporated town or village. To be eligible for assistance, a facility not owned by an eligible applicant, as defined in 44 CFR Part 206.222, must be owned by a private, nonprofit organization and provide an essential governmental service to the general public. Applications for these facilities must be submitted through the State or a political subdivision of the State.
  - c) Examples of eligible private nonprofit organizations include but are not limited to educational institutions, museums, public libraries, community centers, and emergency response agencies.

Eligible private nonprofit organizations that are not providing a critical function; emergency medical, electrical or telephone service, or water/wastewater treatment, must first apply to the Small Business Administration for low interest loans when available before being considered for public assistance grants.

State of Wisconsin Public Assistance Administrative Plan

**APPENDIX B – Request for Public Assistance**

DEPARTMENT OF HOMELAND SECURITY FEDERAL EMERGENCY MANAGEMENT AGENCY <b>REQUEST FOR PUBLIC ASSISTANCE</b>			<b>O.M.B. NO. 1660-0017</b> Expires April 30, 2013	
<b>PAPERWORK BURDEN DISCLOSURE NOTICE</b>				
Public reporting burden for this form is estimated to average 10 minutes. Burden means the time, effort and financial resources expended by persons to generate, maintain, disclose, or to provide information to us. You may send comments regarding the burden estimate or any aspect of the collection, including suggestions for reducing the burden to: Information Collections Management, Department of Homeland Security, Federal Emergency Management Agency, 500 C Street, SW, Washington, DC 20472, Paperwork Reduction Project (OMB Control Number 1660-0017). You are not required to respond to this collection of information unless it displays a valid OMB number. <b>NOTE: Do not send your completed questionnaire to this address.</b>				
APPLICANT (Political subdivision or eligible applicant)			DATE SUBMITTED	
COUNTY (Location of Damages. If located in multiple counties, please indicate)			DUNS NUMBER	
<b>APPLICANT PHYSICAL LOCATION</b>				
STREET ADDRESS

Did you participate in the Federal/State Preliminary Damage Assessment (PDA)? <input type="checkbox"/> YES <input type="checkbox"/> NO				
Private Non-Profit Organization? <input type="checkbox"/> YES <input type="checkbox"/> NO				
If yes, which of the facilities identified below best describe your organization? _____				
Title 44 CFR, part 206.221(e) defines an eligible private non-profit facility as: "... any private non-profit educational, utility, emergency, medical or custodial care facility, including a facility for the aged or disabled, and other facility providing essential governmental type services to the general public, and such facilities on Indian reservations." "Other essential governmental service facility means museums, zoos, community centers, libraries, homeless shelters, senior citizen centers, rehabilitation facilities, shelter workshops and facilities which provide health and safety safety services of a governmental nature. All such facilities must be open to the general public."				
Private Non-Profit Organizations must attach copies of their Tax Exemption Certificate and Organization Charter or By-Laws. If your organization is a school or educational facility, please attach information on accreditation or certification.				
OFFICIAL USE ONLY: FEMA - _____ -DR- _____ - _____ FIPS# _____ DATE RECEIVED _____				

**APPENDIX C – PNP Facility Questionnaire**

**FEDERAL EMERGENCY MANAGEMENT AGENCY  
PNP FACILITY QUESTIONNAIRE**

This questionnaire is to be used by FEMA and state personnel to help determine the eligibility of specific facilities of an approved Private Non-Profit (PNP) organization. Obtain answers to the following questions for each PNP organization. If the organization has more than one facility that incurred damage, complete a separate sheet for each facility.

Name of PNP Organization: \_\_\_\_\_

Name of the damaged facility and location: \_\_\_\_\_  
\_\_\_\_\_

What is the primary purpose of the damaged facility? \_\_\_\_\_

Who may use this facility? \_\_\_\_\_

What fee, if any, is charged for the use of the facility? \_\_\_\_\_

Was the facility in use at the time of the disaster?  Yes  No

Did the facility sustain damage as a direct result of the disaster?  Yes  No

What type of assistance is being requested? \_\_\_\_\_

Does the PNP organization own the facility?  Yes  No

If "Yes," obtain proof of ownership; check here if attached.

If "No," do they lease / rent the facility?  Yes  No

If "Yes," obtain a copy of the lease or rental agreement for the damaged facility; check here if attached.

Are the repairs of this facility the legal responsibility of the organization?  Yes  No

Is the facility insured?  Yes  No

If "Yes," obtain a copy of the insurance policy; check here if attached.

## PROJECT WORKSHEET INSTRUCTIONS

The Project Worksheet must be completed for each identified damaged project. A project may include damages more than one site.

After completing all Project Worksheets, submit the worksheets to your Public Assistance Coordinator.

### Identifying Information

**Disaster:** Indicate the disaster declaration number as established by FEMA (i.e. "FEMA 1136-DR-TN", etc.).

**Project No.:** Indicate the project designation number you established to track the project in your system (i.e. 1,2,3, etc.).

**PA ID No.:** Indicate your Public Assistance identification number on this space. This is optional.

**Date:** Indicate the date the worksheet was prepared in MM/DD/YY format.

**Category:** Indicate the category of the project according to FEMA specified work categories (i.e., A,B,C,D,E,F,G). This is optional.

**Applicant:** Name of the government or other legal entity to which the funds will be awarded.

**County:** Name of the county where the damaged facility is located. If located in multiple counties, indicate "Multi-County."

**Damage facility:** Identify the facility and describe its basic function and pre-disaster condition.

**Work Complete as of:** Indicate the date the work was assessed in the format of MM/DD/YY and the percentage of work completed to that date.

**Location:** This item can range anywhere from an "address," "intersection of...," "1 mile south of...on..." to "county wide." If damages are in different locations or different counties please list each location. Include latitude and longitude of the project if known.

**Damage Description and Dimensions:** Describe the disaster-related damage to the facility, including the cause of the damage and the area or components affected.

**Scope of Work:** List work that has been completed, and work to be completed, which, is necessary to repair disaster-related damage.

**Does the Scope of Work change the pre-disaster conditions of the site:** If the work described under the Scope of Work changes the site conditions (i.e. increases/decreases the size or function of the facility or does not replace damage components in kind with like materials), check (x) yes. If the Scope of Work returns the site to its pre-disaster configuration, capacity and dimensions check (x) no.

**Special Considerations:** If the project includes insurable work, and/or is affected by environmental (NEPA) or historic concerns, check (x) either the Yes or No box so that appropriate action can be initiated to avoid delays in funding. Refer to *Applicant Handbook* for further information.

**Hazard Mitigation:** If the pre-disaster conditions at the site can be changed to prevent or reduce the disaster-related damage, check (x) Yes. If no opportunities for hazard mitigation exist check (x) no. Appropriate action will be initiated and avoid delays in funding. Refer to *Applicant Handbook* for further information.

**Is there insurance coverage on this facility:** Federal law requires that FEMA be notified of any entitlement for proceeds to repair disaster-related damages from insurance or any other source. Check (x) yes if any funding or proceeds can be received for the work within the Scope of Work from any source besides FEMA.

### Project Cost

**Item:** Indicate the item number on the column (i.e. 1, 2, 3, etc.). Use additional forms as necessary to include all items.

**Code:** If using the FEMA cost codes, place the appropriate number here.

**Narrative:** Indicate the work, material or service that best describes the work (i.e. "force account labor overtime", "42 in. RCP", "sheet rock replacement", etc.).

**Quantity/Unit:** List the amount of units and the unit of measure ("48/cy", "32/lf", "6/ea", etc.).

**Unit Price:** Indicate the price per unit.

**Cost:** This item can be developed from cost to date, contracts, bids, applicant's experience in that particular repair work, books which lend themselves to work estimates, such as RS Means, or by using cost codes supplied by FEMA.

**Total Cost:** Record total cost of the project.

**Prepared By:** Record the name, title, and signature of the person completing the Project Worksheet.

**Applicant Rep.:** Record the name, title, and signature of Applicant's representative.

### Records Requirements

Please review the *Applicant Handbook, FEMA 323* for detailed instructions and examples.

For all completed work, the applicant must keep the following records:

- \*Force account labor documentation sheets identifying the employee, hours worked, date and location;
- \*Force account equipment documentation sheets identifying specific equipment, operator, usage by hour/mile and cost used;
- \*Material documentation sheets identifying the type of material, quantity used and cost;
- \*Copies of all contracts for work and any lease/rental equipment costs.

For all estimated work, keep calculations, quantity estimates, pricing information, etc. as part of the records to document the "cost/estimate" for which funding is being requested.

**APPENDIX E – Special Considerations**

<b>FEDERAL EMERGENCY MANAGEMENT AGENCY SPECIAL CONSIDERATIONS QUESTIONS</b>		
1. APPLICANT'S NAME	2. FIPS NUMBER	3. DATE
4. PROJECT NAME	5. LOCATION	
<b>Form must be filled out—for each project.</b>		
1. Does the damaged facility or item of work have insurance and/or is it an insurable risk? <i>(e.g., buildings, equipment, vehicles, etc.)</i> <input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Unsure    Comments _____ _____		
2. Is the damaged facility located within a floodplain or coastal high hazard area, or does it have an impact on a floodplain or wetland? <input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Unsure    Comments _____ _____		
3. Is the damaged facility or item of work located within or adjacent to a Coastal Barrier Resource System Unit or an Otherwise Protected Area? <input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Unsure    Comments _____ _____		
4. Will the proposed facility repairs/reconstruction change the pre-disaster condition? <i>(e.g., footprint, material, location, capacity, use or function)</i> <input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Unsure    Comments _____ _____		
5. Does the applicant have a hazard mitigation proposal or would the applicant like technical assistance for a hazard mitigation proposal? <input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Unsure    Comments _____ _____		
6. Is the damaged facility on the National Register of Historic Places or the state historic listing? Is it older than 50 years? Are there more, similar buildings near the site? <input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Unsure    Comments _____ _____		
7. Are there any pristine or undisturbed areas on, or near, the project site? Are there large tracts of forestland? <input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Unsure    Comments _____ _____		
8. Are there any hazardous materials at or adjacent to the damaged facility and/or item of work? <input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Unsure    Comments _____ _____

**APPENDIX G - ASSURANCES – CONSTRUCTION PROGRAMS**

**Wisconsin Emergency Management**  
Department of Military Affairs  
Public Assistance

**DMA Form 1017A**

Selected Definitions:

- “Federal award” refers to the Federal financial assistance that a non-Federal entity receives directly from a Federal awarding agency or indirectly through a pass-through entity (2 C.F.R. § 200.38);
- “Pass-through entity” means a non-Federal entity that provides a subaward to a subrecipient to carry out part of a Federal program (2 C.F.R. § 200.74) ;
- “Non-Federal entity” or “subrecipient” refers to a state, local government, Native American Tribal government, institution of higher education, or nonprofit organization that carries out a Federal award as a subrecipient (2 C.F.R. § 200.69);
- “Recipient” means a non-Federal entity that receives a Federal award directly from a Federal awarding agency to carry out an activity under a Federal program (2 C.F.R. § 200.86); “Subaward” means an award provided by a pass-through entity to a subrecipient for the subrecipient to carry out part of a Federal award received by the pass-through entity; it does not include payments to a contractor (2 C.F.R. § 200.92)
- “Subrecipient” means a non-Federal entity that receives a subaward from a pass-through entity to carry out part of a Federal program: but does not include an individual that is a beneficiary of such program (2 C.F.R. § 200.93)

As the duly authorized representative of the applicant, I certify that the applicant:

1. Has the legal authority to apply for Federal assistance, and the institutional, managerial and financial capability (including funds sufficient to pay the non-federal share of project costs) to ensure proper planning, management and completion of the project described in this application.
2. Will give the Federal awarding agency, the Comptroller General of the United States, and if appropriate, the State, through any authorized representative, access to and the right to examine all records, books, papers, or documents related to the assistance; and will establish a proper accounting system in accordance with generally accepted accounting standards or agency directives.
3. Will not dispose of, modify the use of, or change the terms of the real property title, or other interest in the site and facilities without permission and instructions from the awarding agency. Will record the Federal interest in the title of real property in accordance with awarding agency directives and will include a covenant in the title of

*State of Wisconsin Public Assistance Administrative Plan*

real property acquired in whole or in part with Federal assistance funds to assure non-discrimination during the useful life of the project.

4. Will comply with the requirements of the Federal awarding agency (Federal Emergency Management Agency) and Recipient (Wisconsin Emergency Management) with regard to the drafting, review, and approval of construction plans and specifications.
5. Will provide and maintain competent and adequate engineering supervision at the construction site to ensure that the complete work conforms with the approved plans and specifications and will furnish progress reports and such other information, as may be required, by the Federal awarding agency (Federal Emergency Management Agency) and Recipient (Wisconsin Emergency Management).
6. Will initiate and complete the work within the applicable time frame after receipt of approval of the Federal awarding agency (Federal Emergency Management Agency) and Recipient (Wisconsin Emergency Management).
7. Will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain.
8. Will comply with the Intergovernmental Personnel Act of 1970 (42 U.S.C. §§ 4728-4763) relating to prescribed standards for merit systems for programs funded under one of the nineteen statutes or regulations specified in Appendix A or OPM's Standards for a Merit System of Personnel Administration (5 CFR 900, Subpart F).
9. Will comply with the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. §§ 4801 et seq.) which prohibits the use of lead based paint in construction or rehabilitation of residence structures.
10. Will comply with all federal statutes relating to non-discrimination. These include but are not limited to:
  - a. Title VI of the Civil Rights Act of 1964 (P.L. 88-352) which prohibits discrimination on the basis of race, color, or national origin;
  - b. Title IX of the Education Amendments of 1972, as amended (20 U.S.C. §§ 1681-1683, and 1685-1686), which prohibits discrimination on the basis of sex;
  - c. Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. §794), which prohibits discrimination on the basis of handicaps;
  - d. The Age Discrimination Act of 1975 as amended (42 U.S.C. §§ 6101-6107), which prohibits discrimination on the basis of age;
  - e. The Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255), as amended, relating to non-discrimination on the basis of drug abuse;
  - f. The Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (P.L. 91-616), as amended, relating to non-discrimination on the basis of alcohol abuse or alcoholism;

*State of Wisconsin Public Assistance Administrative Plan*

- g. §§523 and 527 of the Public Health Service Act of 1912 (42 U.S.C. §§290 dd-3 and 290 ee-3), as amended relating to confidentiality of alcohol and drug abuse patient records;
  - h. Title VIII of the Civil Rights Act of 1968 (42 U.S.C. §§ 3601 et seq.), as amended relating to non-discrimination in the sale, rental or financing of housing;
  - i. Any other non-discrimination provisions in the specific statute(s) under which application for Federal assistance is being made, and
  - j. The requirements on any other non-discrimination statute(s) which may apply to the application.
11. Will comply, or has already complied, with the requirements of Titles II and III of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (P.L. 91-646) which provide for fair and equitable treatment of persons displaced or whose property is acquired as a result of Federal and federally assisted programs. These requirements apply to all interests in real property acquired for project purposes regardless of Federal participation in purchases.
12. Will comply with the provisions of the Hatch Act (5 U.S.C. §§ 1501-1508 and 7324-7328) which limit the political activities of employees whose principal employment activities are funded in whole or in part with Federal funds.
13. Will comply, as applicable, with the provisions of the Davis-Bacon Act (40 U.S.C. §§ 276a to 276a-7), the Copeland Act (40 U.S.C. § 276c and 18 U.S.C. §874), and the Contract Work Hours and Safety Standards Act §40 U.S.C. §§ 327-333) regarding labor standards for federally-assisted construction subawards.
14. Will comply with the flood insurance purchase requirements of Section 102(a) of the Flood Disaster Protection Act of 1973 (P.L. 93-234) which requires recipients in a special flood hazard area to participate in the program and to purchase flood insurance if the total cost of insurable construction and acquisition is \$10,000 or more.
15. Will comply with environmental standards which may be prescribed pursuant to the following:
  - a. Institution of environmental quality control measures under the National Environmental Policy Act of 1969 (P.L. 91-190) and Executive Order (EO) 11514;
  - b. Notification of violating facilities pursuant to EO 11738;
  - c. Protection of wetlands pursuant to EO 11990;
  - d. Evaluation of flood hazards in floodplains in accordance with EO 11988;
  - e. Assurance of project consistency with the approved State management program developed under the Coastal Zone Management Act of 1972 (16 U.S.C. §§ 1451 et seq.);
  - f. Conformity of Federal actions to State (Clean Air) Implementation Plans under Section 176(c) of the Clean Air Act of 1955, as amended (42 U.S.C. §§ 7401 et seq.);

*State of Wisconsin Public Assistance Administrative Plan*

- g. Protection of underground sources of drinking water under the Safe Drinking Water Act of 1974, as amended, (P.L. 93-523); and
  - h. Protection of endangered species under the Endangered Species Act of 1973, as amended, (P.L. 93-205).
16. Will comply with the Wild and Scenic Rivers Act of 1968 (16 U.S.C. §§ 1271 et seq.) relating to protecting components or potential components of the national wild and scenic rivers system.
17. Will assist the awarding agency in assuring compliance with Section 106 of the National Historic Preservation Act of 1966, as amended (16 U.S.C. § 470), EO 11593 (identification and protection of historic properties), and the Archaeological and Historic Preservation Act of 1974 (16 U.S.C. §§ 469a-1 et seq.).
18. In accordance with E.O. 12549, entities that are debarred, suspended, or otherwise declared ineligible for federal funding cannot be involved with the Public Assistance process. Applicants must check the federal Excluded Parties List System (EPLS) at <http://epls.arnet.gov> to ensure that any contractor used in performing Public Assistance activities is eligible for federal funding.
19. Will comply with the required financial and compliance audits in accordance with the Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (2 CFR §200 et seq.).
20. Will comply with all applicable requirements of all other Federal laws, executive orders, regulations and policies governing this program.

**FEDERAL AUDIT REQUIREMENTS**

All non-Federal entities, to include State Governments, Native American Tribal Governments, Local Governments, Institutions of Higher Education, Hospitals or other Non-Profit Organizations, that expend \$750,000.00 or more during the non-Federal entity's fiscal year in Federal awards must have a single or program-specific audit conducted for that year in accordance with the provisions in the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (2 CFR §200 Subpart F).

If required to undergo a single or program-specific audit, the subrecipient should submit an electronic copy of the Audit Reporting Package (including Form SF-SAC) to the Federal Audit Clearinghouse (FAC) at: <https://harvester.census.gov/facides/>.

Once the Audit Reporting Package is filed with the FAC, email Wisconsin Emergency Management (WEM) at: [DMASingleAudits@wisconsin.gov](mailto:DMASingleAudits@wisconsin.gov) to notify us that the Audit Reporting Package has been submitted.

## **STATE ASSURANCES OF DISASTER APPLICATION SUBRECIPIENTS**

In accordance with the State Department of Military Affairs, Wisconsin Emergency Management Division State Administrative Plan, as a subrecipient, I agree to the following:

1. Subrecipient Duties
  - a. The subrecipient shall perform the tasks specified in the State Administrative Plan and shall complete the tasks therein during the period specified in the Federal-State Agreement dated 2016.
2. Terms for Reimbursement
  - a. The Department of Military Affairs, Wisconsin Emergency Management Division, shall reimburse the subrecipient their eligible costs incurred by the Subrecipient in accordance with their “Disaster Application for Federal Assistance for Subgrantees.” This reimbursement will be made from funds made available through the Federal Emergency Management Agency (P.L. 93-288 as amended by P.L. 100-707) and the State Legislature. The subrecipient shall be reimbursed only for those costs specified in the approved “Disaster Application for Federal Public Assistance for Subgrantees” and amendments thereto.
  - b. The Department of Military Affairs, Wisconsin Emergency Management Division, shall reimburse the Federal and State shares to the subrecipient in accordance with the requirements specified in the Federal-State Agreement.
  - c. All claims for reimbursement shall be supported by written documentation including, but not limited to, receipts, invoices, bidding documents, procurement plans, equipment logs, materials logs, and personnel/payroll data.
  - d. Reimbursement for costs will not be paid on any encumbrance made by the subrecipient prior to the dates as specified in an approved grant or for purposes that fall outside of the scope of the approved project without approval by both the Federal awarding agency, Federal Emergency Management Agency, and pass-through entity, Department of Military Affairs, Wisconsin Emergency Management Division.
3. Records and Documentation
  - a. The subrecipient shall be responsible for keeping records that fully disclose the amount and disposition of funds at all times and the total costs of each project for which the funds are provided. The accounting procedures utilized by the subrecipient shall provide for the accurate and timely recording of the receipt of funds and expenditures.
  - b. The books, records, documents and accounting procedures and practices of the subrecipient relevant to this agreement are subject to examination by the pass-through entity, Department of Military Affairs, Wisconsin Emergency Management Division, by either the legislative auditor or State auditor, as appropriate, and by the Federal awarding agency.

*State of Wisconsin Public Assistance Administrative Plan*

- c. All subrecipients shall provide written quarterly progress reports on a form prescribed by the Department of Military Affairs, Wisconsin Emergency Management Division through the State's formal closeout request to FEMA Region V.
4. Miscellaneous
- a. When the Department of Military Affairs, Wisconsin Emergency Management Division, finds that there has been a failure to comply with the provisions of this agreement or with the provision of the "Disaster Application for Federal Assistance for Subgrantees," or that the purposes for the funds have not been, or will not be fulfilled, notwithstanding any other provisions of this agreement to the contrary, the Department of Military Affairs, Wisconsin Emergency Management Division, as the pass-through entity, may take such action as it deems necessary and appropriate to protect the interest of the Federal awarding agency and the State of Wisconsin, including:
    - (1) Temporarily withhold cash payments pending correction of the deficiency by the Subrecipient or more severe enforcement action by the Federal awarding agency (Federal Emergency management Agency) or pass-through entity (Department of Military Affairs, Wisconsin Emergency Management Division).
    - (2) Disallow (that is, deny both use of funds and any applicable matching credit for) all or part of the cost of the activity or action not in compliance.
    - (3) Wholly or partly suspend or terminate the Federal award.
    - (4) Initiate suspension or debarment proceedings as authorized under 2 CFR part 180 and Federal awarding agency regulations (or in the case of a pass-through entity, recommend such a proceeding be initiated by a Federal awarding agency).
    - (5) Withhold further Federal awards for the project or program.
    - (6) Take other remedies that may be legally available, such as referring cases of documented fraud, waste and abuse to the Office of Inspector General for further prosecution.
  - b. The subrecipient agrees to indemnify and save and hold the Department of Military Affairs, Wisconsin Emergency Management Division, its agents and employees harmless from all claims or causes of action arising from the performance of this grant by the subrecipient or subrecipient's agent or employees.
  - c. The Department of Military Affairs' authorized agent for the purposes of this contract is Jeff Whittow, Fiscal Services Specialist, Wisconsin Emergency Management Division.

*State of Wisconsin Public Assistance Administrative Plan*
